Monday, April 15, 1940.

Immediately following the adjournment of the City Council as above stated, the City Clerk announced that he had previously taken the oath of office and called the Council to order, administering the oath of office to the new councilmen elect, Mr. Clifford B. Bull and Mr. W. E. Riggs.

Nominations for Mayor were then declared in order, Councilman Steele nominating Councilman Bull, who declined the nomination. The City Clerk stated that a complaint had been filed with him by G. P. Ohlinger living four miles South of Lodi that lye solution dumped into the Woodbridge Irrigation Canal by the Foster and Wood Cannery was contaminating his land. City Engineer, Clinton Henning stated that he had made a slight investigation and that the cannery was evidently allowing about 1100 gallons per day of alkali solution to go down the storm sewers but what its effect would be on the land he could not say. Further investigation was left in the hands of the City Engineer.
